

Directions: Choose at least THREE databases from the list of DATABASES on the South River Public Library website and complete the required tasks. Staple any printed materials to the back of this page.

___ **360 Search:**

Log into the 360 Search database and search for the topic of your choice. Select the article and fill in the following information using the article's citation.

Title: _____

Author(s): _____

Source: _____

Database: _____

___ **America's Newspapers:**

Log into the America's Newspapers database and choose "America's Obituaries & Death Notices". Find an obituary from your area and print it out or show it to your teacher for verification.

___ **Custom Newspapers:**

Log into the Custom Newspapers database and search the topic of your choice. Highlight a word you don't know and select the 'Dictionary'. Print the definitions and circle the one you feel fits the word in the article, or show it to your teacher for verification. Write the title of the article on the printed paper.

___ **Encyclopedia Britannica:**

Log into the Encyclopedia Britannica database and select 'Biography of the Day'. Record **5** facts.

___ **Facts On File:**

Log into the Facts on File database and choose one of the history databases. Create a timeline spanning **10** years of your choice and print it out or show it to your teacher for verification.

___ **Gale Virtual Reference Library:**

Log into the Gale Virtual Reference Library database and select "Basic Search". Search the topic of your choice. Choose one of the results & translate the article into a language other than what you speak. Print the translated page or show it to your teacher for verification.

___ **Jersey Clicks:**

Log into the Jersey Clicks database and choose "Custom Search". Select "EBSCO Student Research Center", and then click on "Country Reports". Type a country into the search box and choose one of the results. Print that page or show it to your teacher for verification.

___ **Learning Express:**

Log into the Learning Express database and create an identity, using your library card number. Go to the "What Do I Do Now?" section and browse through the searchable eBooks. List 3 Books that you find of interest.

___ **Novelist:**

Log into the Novelist database. Create a list of **5** books from the list of Recommended Reads for your age group.

___ **Visual Thesaurus:**

Log into the Visual Thesaurus database and select the Word of the Day. Print the word web or show it to your teacher for verification.
